## OUR SCHOOL INTERESTS

Official Report of the Proceedings of the Board of Public Instruction at the March Meeting

Ocala, Fla., March 5, 1912.  
The board of public instruction in and for Marion county met in regular session at its office in the courthouse at 10 a. m. on the above date with all members present and acting as follows: W. D. Carr, chairman, E. R. Ellish and J. S. Grantham, members, and Superintendent J. H. Brinson, secretary. Minutes of the last meeting were read and adopted.

Mr. J. F. Parker, one of the patrons of the Homeland school, called and presented a petition signed by a number of the residents of the Homeland community asking that there be an election called to extend the boundaries of the Cotton Plant district to include the territory described. Mr. C. R. Veal, one of the trustees of the Cotton Plant school, was present and spoke his personal views as to the situation. It was agreed mutually that it would be satisfactory that the Cotton Plant district be divided on the section line dividing sections 29 and 30, 31 and 32, in 15-20, and 5 and 6 in 14-20. It was agreed to abandon the petition presented and circulate a petition asking for an election to first decrease the Cotton Plant district and then take steps to establish a new district for Homeland.

Messrs. Redding and Lucius, trustees of the Charter Oak school, called and made request for authority to change the position of the Charter Oak school house by moving it around so that it would not be in the way of the public road. Permission was granted. Mr. D. A. Walker of Martel called and reported that the warrant that he reported lost at the last meeting had not been found and asked that a duplicate warrant be issued on the Martel district. It was ordered that if the lost warrant was not found among the warrants to be turned in by the treasurer, that there be a duplicate issued. The board adjourned for noon.

**Afternoon Session**  
The board met with all present and acting.

Capt. H. W. Henry, one of the trustees of the Oklawaha school, called and reported that owing to the falling off in attendance they had decided to discontinue the service of the assistant teacher for the remainder of the term. Mrs. A. B. Rou called and made request for a payment on the warrant held by A. B. Rou estate against the Ocala district. She was accompanied by Mr. Foster Rou and it was arranged to draw a warrant for \$400 in favor of the Commercial Bank at 6 per cent interest and she surrendered warrant No. 611 for it for the same amount.

Some of the teacher's reports were audited for payment and the board adjourned to meet at night.

**Night Session**  
The board met with all members present and acting.

Sundry accounts were audited and ordered paid.

Remaining teacher's reports were audited and ordered paid. The matter of the permanent location of the Sparr school called for discussion and it was decided that the school should be located on a lot to be purchased from Mr. Walter Luffman in the northeast corner of his tract, facing the Sparr and Lowell hard road. It was ordered that a warrant be drawn for \$50 in favor for purchase of the lot. It was decided to take the necessary steps to erect a good school house at as early time as practicable.

The board then took up the matter of calling the elections in the several sub-school districts of the county for the election of trustees and fixing the millage to be assessed for the ensuing two years. It was ordered that said election should be called and duly advertised to be held on Thursday, April 11, 1912, and the board agreed to meet in special session Tuesday, April 16, for the purpose of canvassing and declaring the results of the elections. The board then adjourned until next morning.

**Wednesday Morning Session**  
The board met with all members present and acting.

Messrs. Duval and Gary, trustees of the Ocala school, called and discussed in a general way with the board the proposition of erecting a school building for Ocala. Definite action was postponed until the next regular meeting of the board.

The superintendent presented an offer from a house to furnish a stock of crayons, erasers and blackboard slating. The average of the Kendrick school being too low to maintain an assistant the latter was ordered suspended. A communication from a house desiring to furnish money to the school board upon warrants was presented and filed for reference.

A request from Mr. D. M. Barco that a lot at Cotton Plant that he deeded to the board for school purposes be deeded back and that an offer be made to sell him the other lot held by the board at Cotton Plant at the rate of \$10 per acre.

A letter from Mr. B. I. Hull, teacher of the Eaton Creek school, was presented giving the information that owing to measles prevailing in the community and school, it had been found necessary to close the school before the term was out.

A letter was presented from Miss Nellie Stevens, principal of the primary department of the Ocala school, reporting the suspension of two boys from the school for two days.

A letter was presented from Mr. Mitchell, supervisor of the Linadale school, stating that Dr. W. F. Shelton was ready to make a school lot but it would be necessary to expend \$4 in making a survey in order to get description. Survey was ordered made.

A letter from Mr. Joseph Nash, principal of the Gringer Farm school, reported the average less than that required for the keeping of an assistant and by agreement with the trustees he had resigned and they had arranged for the assistant to finish the term by himself.

A letter from the state high school

Inspector to Prof. Workman, principal of the Ocala school, was presented in which he called for the high school principals to meet in Gainesville on April 12 and 13 and suggesting that the railroad fare be paid by the county board. It appearing that arrangements could be made for the work not to suffer for the time in school, it was agreed to grant an absence and to pay the railroad fare.

A petition was presented from the Summerfield school asking that an election be called for the purpose of creating a special tax school district in that community. It was ordered that the petition be duly advertised preparatory to calling the election. There appeared to be more than the necessary one-fourth of the qualified electors in the territory.

The treasurer's report was presented and compared with warrants returned and found to be correct.

The board then adjourned to meet in regular session on Tuesday, April 2, 1912.

**WEALTHY MAN "HIRED OUT" BY HIS WIFE**

**Queer Result of a Freak Law in North Carolina**

Asheville, N. C., March 8.—A sensational case was developed here yesterday when a wealthy man named P. H. Thrash, convicted of violation of the local prohibition law and sentenced to serve thirty days in jail and pay a fine of \$2,000, was "hired out" to his wife by the county commissioners of Buncombe county. The sum she paid the county for the services of her husband for one month was \$500.

The strange case is governed by the law that invests a superior court judge with power to authorize county authorities to "hire out" convicts sentenced to jail to "the highest bidder" when he sees fit. This was a case in point.

Thrash, who is said to be worth \$100,000, was sentenced first to twenty months in jail for repeated violation of the local law which prohibits one from having over a certain amount of liquor in his possession. But Judge Long was prevailed on to change his judgment to \$2,000 fine and thirty days in jail.

The fine will be paid and Mrs. Thrash secures custody and services of her husband for thirty days, or otherwise would have spent in jail.

## GOT 'EM ALL GUESSING

Mysterious Call of Financier Perkins on Colonel Roosevelt Excites People's Wonder

Oyster Bay, N. Y., March 8.—George W. Perkins, former partner of J. P. Morgan, paid a mysterious visit to Theodore Roosevelt here yesterday. Mr. Perkins' supposed activity in behalf of Col. Roosevelt and his connection with the International Harvester Company have furnished campaign material for the colonel's opponents since he declared himself as willing to accept the presidential nomination.

Mr. Perkins slipped inconspicuously into Oyster Bay yesterday afternoon. All that was seen in the village was a high powered limousine which sped through the snow at such a clip that no one could tell who was within. The New York financier remained only a short time at Sagamore Hill before starting on the return trip to New York. All that Col. Roosevelt would say of the visit was that Mr. Perkins came as the bearer of a message from Senator Dixon, the colonel's campaign manager.

**BILIOUS SPELLS**  
**NO LONGER DANGEROUS**

**Dodson's Liver Tonic is a Safe Medicine to Take the Place of too Powerful Calomel**

In the days when calomel was the only liver remedy, a torpid liver, or a spell of biliousness was a serious thing. Calomel is a powerful mineral substance that compels the liver, no matter how weak it is, to do its work, but does nothing to strengthen the liver and a large dose—sometimes the usual dose—may cause salivation. Dodson's Liver Tonic is a builder that strengthens the liver while making it do its work. It is entirely vegetable, pleasant to take, has no bad after-effect and is perfectly suited for children as well as grown people. You don't have to be careful what you eat.

The Court Pharmacy will send you a bottle and guarantee it to give you perfect satisfaction. If it doesn't you can get your money back simply by asking for it.

**KICKED TO DEATH BY A DEAD MULE**

Charlotte, N. C., March 8.—James Brown was kicked to death at Trade, Tenn., just across the North Carolina line yesterday by a dead mule. Brown was taking the corpse of the animal from a narrow wagon to bury when the stiffened hind legs recoiled with great force, striking him over the heart and causing almost instant death. He leaves a widow and five children.
